HISTORY OF QUALITY

Con-Vey opened its doors in 1946 as a fabrication and machine shop focusing on repair work for the local wood mills. Since then, we've shifted and combined forces with manufacturing professionals to become what we are today: a world-class solutions company for industrial equipment.

Our commitment to innovation has facilitated our expansion into material handling and robotics for building products, automation technology, bulk and biomass handling, environmental projects, and agricultural processing.

We pride ourselves on handling demanding projects, creating innovative custom machinery, and integrating effective solutions for our customers. Today, Con-Vey is a proven, high-quality supplier with proprietary machinery in nearly 20 countries.

INTEGRITY

Honesty and integrity will guide our business activities.

RELATIONSHIPS

We value lasting relationships and treat all with trust, dignity, and respect.

PRODUCTS

Our reputation as a company is a result of our collective efforts and a direct reflection of the quality of our products and services.

GROWTH

Growth and profit are the ultimate measure of how efficiently we provide our products and services.
