# An easy-to-operate top loading machine

Compacts hazardous waste, such as glass and cans/tins with paint, oil and other chemical remains directly into drums.

With Orwak 5030-N HD the handling, transportation and disposal of chemical waste becomes safe and simple.

Operator easily handles the heavy duty steel pallet with standard pallet lifter.

Standard drums can be used for storage and transport of the hazardous waste. By using several drums, sorting is possible.
